

Declaration of Compliance

Manufacturer : Rosco Laboratories, Inc.
Address : 52 Harbor View Avenue, Stamford, Connecticut 06902, U.S.A.
Tel : (203) 708 8900 Fax : (203) 708 8919 Email : info@rosco.com

Rosco is dedicated to ensuring that its products are compliant with worldwide regulatory systems.

Rosco products (articles) are fully compliant with the SVHC restrictions of the European Union's Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) law and Persistent organic pollutants (POPs) Regulation.

This information complies with the obligations of Article 33(1) of Regulation (EC) no. 1907/2006 on the Registration, Evaluation, Authorization and restriction of Chemicals (REACH): Duty to communicate information on articles containing a substance meeting the criteria in Article 57 and identified in accordance with Article 59(1) in a concentration above 0.1% weight by weight (w/w).

In accordance with European legislation all chemical substances must be checked for risk and safe use. These substances must first be pre-registered and in a later stage registered. After (pre-)registration the substances may be placed on the candidate list and possibly on the authorization list.

The candidate list, according to Article 59 of Regulation (EC) no. 1907/2006, is regularly amended. The most recent candidate list (June 14, 2023) contains SVHC substances (Substances of Very High Concern).

The current Candidate List of substances as of June 14, 2023 is identified here: <https://echa.europa.eu/candidate-list-table>

As more substances are added to the SVHC list and become officially subject to Authorization, Rosco will update this letter.

According to current knowledge available to us, our products in the ranges Adagio®, Adagio Tour, Dance Floor, Duètte, and Chroma Key Floor contain no known substances named on the candidate list and all articles outside these ranges only contain the plasticizer Bis (2-ethylhexyl) phthalate (DEHP), in a concentration above a 0.1% weight by weight (w/w).

We will undertake to inform you in a timely manner of any aspects which may have an impact on our compliance with this regulation and on any aspects which may have influence on the supply and delivery of our products.

Further, we declare that we have processes and systems in place to ensure continued compliance with the REACH directive. If you have any questions, please contact us.
